put Mr. Ford in uniform, or to command his factories; and that Mr. Ford had not been called to the army because there were young men to go for him, "for which service he now penalizes them," said the editor.

"Nothing about bomb throwing is that," said the attorney.

"It's bad stuff," said Mr. Ford. The Tribune lawyer read one of the Delavigne articles in which Mr. Ford was quoted as saying his education campaign had been a failure. Mr. Delavigne made mistakes, Mr. Ford said. He may have made them like any man. That's all I can say about this stuff.

"Didn't you tell E. A. Sumner of the American Republics Company that if one of your men went in a military training camp you would discharge him?"

"We never discharge anybody," said Mr. Ford. "That isn't the question, did you say that to Mr. Sumner?"

"But that's the very point," said the Tribune lawyer. "I don't remember what I said to Mr. Sumner, but it couldn't have been that."

ONE-THIRD IN OBJECTIONS.
A statement that one-third of the record of the testimony of Mr. Ford in the latter's libel suit against the Chicago Tribune has been taken up by the objections of counsel for Mr. Ford and the resultant arguments was made to Judge Tucker at the opening of court today.

Lucking, senior counsel for Mr. Ford, took an exception, remarking that the same could be said of the case against the Tribune. The judge said he would hear the case.

Before he had been asked a question he was temporarily excused and returned to the stand and was examined by his colleagues, Elliott and Stevenson. Both lawyers held the case for the Tribune.

Gen. Weaver on coast defense of California. The Tribune lawyer, following Mr. Ford's testimony, said that the advertisement did not show that Gen. Weaver said anything about the coast defense of California and would be unable to return the fire of modern naval guns.

Mr. Ford resumed his testimony under interrogation by Attorney Stevenson.

"You heard what Gen. Weaver said," Mr. Delavigne made an important departure from his previous testimony. "I am not a competent judge of the truth of the matter."

FLEET IS READY
FOR THE START.

Admiral Rodman will Give the Signal This Morning.
More than Two Score Vessels will Head for Pacific.

Families of Men and Officers are Coming Overland.
(Continued from First Page.)

WASHINGTON, July 18.—Officers and members of the crews of the newly organized Pacific fleet were wished God speed and a safe and pleasant voyage by Secretary Daniels in a message sent to Admiral Rodman, fleet commander, on the eve of the departure of the armada from Hampton Roads for the West Coast.

Attention was called by the Secretary to the fact that the force sent on the history-making voyage around the world, the mightiest fleet the United States had ever gathered together previous to that time, was almost insignificant in comparison with the new Pacific fleet.

Comments on Advances.
Mr. Daniels, in commenting on the advances in naval science achieved since the fleet went around the world, pointed out that while the 1907 force was greatly restricted in its cruising radius by reason of using coal for fuel, Admiral Rodman's vessels for the most part were oil burners.

We Mailed the Following Letter to the Mayor of the City of Los Angeles

HON. M. P. SNYDER

Dear Sir:

While the careful selection of young, tender corn-fed porkers results in the tender, fine-grained meats which has made Puritan Hams and Bacon deservedly popular, the care and the time in preparing affords another important reason for the firm public faith in Puritan Quality.

ALIEN ENEMIES' PROPERTY SOLD.

Shares in Chemical Company Bring \$4,000,000.

Pre-War Parcel Post Rate to Germany is Fixed.

Fall's Attempt at Peace Resolution Failure.

(BY A. P. NIGHT WIRE.)

NEW YORK, July 18.—Eight thousand German-owned shares of the three chemical companies formerly controlled by the Roesler and Haasler interests were sold at public auction today by the Alien Property Custodian to Cohn & Co., bankers, and the American Aniline Products Inc., for approximately \$4,000,000.

MILWAUKEE, July 18.—Stock of the Pabst Brewing Company, with a par value of \$2,889,000, owned by enemy aliens, will be sold at auction by the Alien Property Custodian July 29, at the office of the company.

The company was owned by Henry Best and Mrs. Clara S. Schlubeck, divorced wife of Jacob Heil. Both are now in Germany.

RESTORE POSTAGE RATE.

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 18.—The pre-war rate of 12 cents a pound on parcel post packages to Germany was re-established today by the Postoffice Department. The limit of weight on such packages is eleven pounds.

Announcement also was made that the domestic letter rate of 2 cents an ounce, in effect when mail went directly from one country to the other, would be re-established as soon as direct steamship lines had been restored.

Exchange of money orders with Germany will not be resumed pending the negotiation of a new treaty, which officials said was made necessary by the decision in the value of the German mark.

An amendment to the bill designed to end enforcement of the Trading with the Enemy Act was rejected in the Senate today, 23 to 27. It was offered by Senator Paul C. Gurnea, Republican of Ohio, who said there should be no restrictions on trading with Germany.

There was disagreement over the exact meaning of the amendment which would insert a provision "that the status of the peace between the former imperial German government and the United States being declared to exist, no part of the money should be used to enforce the trading act."

Senator Fall declared that while his amendment was only "a limitation on an appropriation," it would remove the effects of a "propaganda" which he charged was being brought to bear on the Senate to ratify the treaty so that the war would be forgotten.

UNDERWOOD SUPPORTS IT.

Senator Underwood, Democrat, Alabama, objecting to the proposal, said it seemed to him "an effort by indirection to declare a status of peace without awaiting the usual course, ratification of the treaty."

Senator Smith, Democrat, Georgia, made a point of order against the amendment and then at Senator Underwood's suggestion, Senator Fall struck out of the measure all reference to a status of peace.

Senators Warren, Nelson, Kellogg and Smoot, Republicans, voted with the Democrats against adoption of the amendment, and Senator Underwood, Alabama, was the only Democrat voting for it.

Recognition Worth More than Gold, Says De Valera.

Declares America Only Nation that Can Lead.

Would Ask no Man to Fight for English Cause.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, July 18.—"I would sooner have American recognition than all the gold that you have," said Eamonn de Valera, president of the provisional Irish republic, today, at a public reception held in his honor at the City Hall, where he was presented with freedom of the city by Mayor Rolph.

Three thousand persons listened to De Valera's plea for Ireland's cause, in which he said:

"Now I am here to help the world safe for democracy, and Ireland demands a hearing. You are the only people who can lead. All the other nations look up to you. If you demand in this country recognition of the Irish republic, it will be a republic to the United States."

"I am more than satisfied with what the people of America have already done for me. I am here to help the world safe for democracy, and Ireland demands a hearing. You are the only people who can lead. All the other nations look up to you. If you demand in this country recognition of the Irish republic, it will be a republic to the United States."

STRIKE TIES UP OCEAN FREIGHT.

Embargo on Atlantic Coastwise Traffic Declared.

(BY A. P. NIGHT WIRE.)

NEW YORK, July 18.—A freight embargo on coastwise traffic was announced today by the coastwise steamship companies operating under Federal control, as a result of the strike of seamen and engineers along the Atlantic and Gulf coasts.

The order for the embargo was forwarded to shipping points by the United States Railroad Administration.

The embargo has been foreshadowed for several days as a consequence of the strike of seamen and engineers along the Atlantic and Gulf coasts.

Great quantities of freight, much of it perishable, at Atlantic and Gulf ports through the tying up of ships by the strike, G. H. Brown, secretary of the Seamen's Union, claimed today that the entire shipping of the country was being paralyzed.

A crowd of striking seamen, who were being paid \$5 and \$6 a day by the union, gathered outside the employment office of the Seamen's Union, claiming that the embargo was a result of the strike of seamen and engineers.

The disorganization of the merchant service through the embargo was also predicted by the union leaders. They claimed that seamen were leaving their ports in droves for the farms, where harvest hands were being paid \$5 and \$6 a day by the union.

The renewal of disturbances along the coast for the harvest fields was also predicted by the union leaders. They claimed that seamen were leaving their ports in droves for the farms, where harvest hands were being paid \$5 and \$6 a day by the union.

CHAMPION TILDEN WINNER.

CHICAGO, July 18.—William Tilden, Jr., of Philadelphia, 1918 champion, and William M. Johnston of San Francisco, a former champion, will meet tomorrow in the finals of the ninth annual clay court tennis tournament, as a result of two spectacular matches today in the semifinals of men's singles.

Of even as great interest was the victory of Robert Kinsey of San Francisco and Axel Graven of Berkeley over William T. Tilden, Jr., and Vincent Richards, Yonkers, N. Y., the present lawn tennis doubles champions, in the semifinals of men's doubles. The victors will meet Samuel Hardy of Chicago, one of the present clay court doubles champions, and William M. Johnston of San Francisco in the doubles final. Hardy and Johnston disposed of Walter T. Hayes, Chicago, and S. H. Vashell, Brooklyn, in the semifinals of men's singles.

Miss Corinne Gould of St. Louis qualified to meet Miss Carrie B. Nesley of Chicago, present champion, in the finals of the women's singles. Champion Tilden won in straight sets, 6-0, 7-5, 10-8, from Robert G. Kinsey of San Francisco, although the Coast star pressed him continually to use his fanciest shots in chopping the ball and his famous top spin drive. In the first set Kinsey kept Tilden fighting hard, but in the next two sets the champion won on his speed.

Hayes put up a more spectacular battle against Johnston, and after losing the first two sets, won the third and fourth, but in the last set, after tying the score, became over-anxious, and his own errors gave the match to Johnston. Johnston seemed to be the better in speed, net play and driving power, but Hayes, the 1918 champion, triumphed over him in covering the court, and kept the style of play to his liking.

Frequently making a finishing point when Hayes rallied and by expert shots turned the game into long lulls.

Miss Gould defeated Miss Marion F. Leighton, Chicago, 6-2, 6-2.

Miss Carrie Nesley, Chicago, defeated Miss Marie Qualey, Chicago, 1-5, 3-6, 6-4.

BASEBALL NOTES.

Wade Killefer and the players on the Los Angeles club yesterday signed a round robin protesting against the fence and presented it to President Powers. Powers also received a petition from fans protesting against it and others are in preparation.

Tom Hughes will make his first start in the Coast League today. Esdick will oppose him with Joe Finerman.

Of the twelve games which the Angels dropped on the road they lost ten by one run. This shows the breaks on the wrong side, or failure to hit in the deciding pinch.

NEWTON WINNER.

LAKE HOPATCONG (N. J.) July 18.—John Newton of the New York Athletic Club won the mile national championship swim in the Atlantic Athletic Association pool today. His time was 23m. 54s. Charlotte Boyle won the women's Metropolitan Association Championship for 580 yards in 18m. 5s.

OUT TO BEAT GARBUTT BOAT.

Doc Wilson, the man who makes the leaping aquaplanes at Balboa, is after the motorboat scalp of Frank Garbutt. Wilson entered his famous Rainbow in the Catalina race last week and met defeat because his speed demon was made for quiet water instead of a choppy ocean.

"But," said Doc Wilson, "I'm going to beat Frank Garbutt and I'm going to do it right. I'm going to build a boat that will go through the ocean at the rate of sixty miles an hour and throw spray over Mr. Garbutt's boat all the way around the island."

Doc Wilson is thoroughly in earnest and expects to start building his speed demon this week. The news will be like a new injection of fresh blood to Mr. Garbutt, for he likes rivals. It's no fun being a champion without anybody to beat.

SUES FOR SALARY.

LOUISVILLE (Ky.) July 18.—William J. Clymer, former manager of the Louisville American Association baseball club, now managing the Seattle team of the Pacific Coast League, today filed suit in the Jefferson County Circuit Court against the Louisville Athletic Association, owners of the local team, for \$1955.54, which he claims is due him as a balance on last season's salary.

Clymer was under contract, he states in his petition, at an annual salary of \$4500. When baseball was suspended by the association, due to the "work or fight" order, Clymer had been paid \$2544.46.

ROUGH WORK.

Snowy Baker's pictures have to do with Australian bush life, kangaroo hunting, riding bucking broncos, fighting sharks and such sports as these. So Miss Vernon is due for a few thrillers. Just as a kangaroo is about to make off with her, Baker will enter with a right uppercut. Just as a shark is rolling over with his stomach to devour her, Baker will cut the shark to pieces with a knife. Just as a wild Australian wild man is making off with her, Baker will come galloping up with a brace of six-shooters and shoot him down.

Mrs. Baker denies, however, that she is taking Miss Vernon to Australia to hunt her. The two are very friendly.

At first Mrs. Baker announced she would take a tour of Australia, so Miss Vernon's departure might be considered an American scenario writer, people to teach us the art.

"I'm taking Miss Vernon," said Mrs. Baker yesterday, "because we need a leading lady who knows how to act in front of the camera. You see, the art is so new to us that we do not care to attempt to make all our actresses immediately. In time we hope to have an Australian leading lady who will compare with the best in America."

Mrs. Baker picked the right leading lady. Miss Vernon played opposite Franklyn Farnum in the latter's roughest day, when he was a sort of second Douglas Fairbanks, and a very athletic actor, such as Snowy Baker, late fight promoter, is today in the Australian bush. So Miss Vernon knows how to do what she has to do.

BIG REGATTA IS TO BE PULLED OFF AT SANTA BARBARA DURING AUGUST.

(SPECIAL CORRESPONDENCE.)
 SANTA BARBARA, July 18.—The Santa Barbara Yacht Club has bought the yacht Caprice, formerly owned by San Francisco men. It has sleeping accommodations for fourteen, and on a day cruise carries as high as fifty passengers. The club organized with fifty members to buy the yacht, which takes the place of the Royal, which was wrecked while being launched here early in the spring. The yacht club, as now organized, consists of two factors, one, the fifty owners of the Caprice, and membership in the other unit is open to all who have a love for the sea and boating.

It is proposed to use the influence of the club to put over a city bond election for the purpose of securing funds with which to build the first unit of a big breakwater here. All interest of the city are committee to the breakwater plans, and it is expected the fall will see a victory for the bonds, and that during the coming spring actual construction work on the breakwater will be commenced.

The owners of the Caprice are planning a brilliant regatta for August, when the Coast Yacht Club and the clubs of the north coast will send speedy boats to compete for the yachting trophy cup of the Coast, which is held by the Caprice.

 SAN FRANCISCO, July 18.—Fifteen experts of the Philippine rifle team today are on their way across the continent to compete in the national rifle match to be held next month in New Jersey. The soldiers arrived here yesterday on board the United States army transport Thomas. This is the first time that troops from this territory have been entered in this blue ribbon event.

MRS. BAKER IS ALL THROUGH.

Picks Five Movie Folks to Help Husband.

Brownie Vernon to Act in Australia.

Wilfred Lucas to be Chief Director.

BY HOWARD ANGUS.

Mrs. Snowy Baker's job is finished in America. She has secured transportation and passports for five movie lights and is now waiting for a boat that will take her twenty days across the Pacific to Australia. In addition to this she has seen Jack Dempsey, the world's champion, and accepted his polite refusal to hurry to Australia right away.

In spite of the fact that Mrs. Baker's job is finished, she has to wait until a boat can be found to take her and a remainder of her visit here will be in the way of a vacation.

She has secured a director, an assistant director, a cameraman and a leading lady for her husband, Snowy. It isn't every husband who would try to pick his leading lady. Most leading men, movie or otherwise, like to do that job themselves. But Mrs. Baker, who is a director, likes to do that job herself. She has picked a beautiful leading lady. Her name is Brownie Vernon.

"We picked her," said Mrs. Baker, "because she is beautiful, can swim, ride horses, and is a wonderful actress. She is Wilfred Lucas, Lois Meredith, his wife, is the scenario writer, Howard Angus is the assistant director, and the cameraman's name is a student of cinema. As families will accompany many of the above-mentioned, Australia's population is due for a boost."

Snowy Baker's pictures have to do with Australian bush life, kangaroo hunting, riding bucking broncos, fighting sharks and such sports as these. So Miss Vernon is due for a few thrillers. Just as a kangaroo is about to make off with her, Baker will enter with a right uppercut. Just as a shark is rolling over with his stomach to devour her, Baker will cut the shark to pieces with a knife. Just as a wild Australian wild man is making off with her, Baker will come galloping up with a brace of six-shooters and shoot him down.

Mrs. Baker denies, however, that she is taking Miss Vernon to Australia to hunt her. The two are very friendly.

At first Mrs. Baker announced she would take a tour of Australia, so Miss Vernon's departure might be considered an American scenario writer, people to teach us the art.

"I'm taking Miss Vernon," said Mrs. Baker yesterday, "because we need a leading lady who knows how to act in front of the camera. You see, the art is so new to us that we do not care to attempt to make all our actresses immediately. In time we hope to have an Australian leading lady who will compare with the best in America."

Mrs. Baker picked the right leading lady. Miss Vernon played opposite Franklyn Farnum in the latter's roughest day, when he was a sort of second Douglas Fairbanks, and a very athletic actor, such as Snowy Baker, late fight promoter, is today in the Australian bush. So Miss Vernon knows how to do what she has to do.

WHY?

"No," said Mrs. Baker, "on her arrival in the United States, I'm not looking for American movie stars. I have very beautiful, very shapely and very athletic women in Australia. We are looking for directors, cameramen, scenario writers, people to teach us the art."

OH, JIM, PLEASE SAVE THAT FENCE.

Aside from the cutting down of the Angel lead by the Tigers, the league sensation is the rush of the Salt Lake club. The Bees are coming fast, and with the short fence here they have visions of a pennant. Now that the fence is up, they want it to stay. The following protest against removing it was received last night:

SALT LAKE CITY, July 18. Harry A. Williams, Times, Los Angeles, Cal.

Press reports indicate agitation for removal of new Los Angeles fence. Salt Lake vigorously protests such removal, as Rumler, Sheely, Spencer and several others are diving for an opportunity to cast affectionate glances over it. Through excessive modesty, I have so far made no claim to pennant, but advise you to keep your eye on the Bees.

JACK COOK, Secretary Salt Lake Club.

FILM TEAMS TO PLAY AT VERNON GROUNDS.

LADY MANAGER DECLARES UNIVERSAL NINE WILL COP THE PENNANT.

Marie Walcamp, the serial star manager of the Universal nine, thinks so much of her team's chances of coping the movie league baseball pennant that she has wagered \$100 on the outcome of the Universal-Metro game tomorrow afternoon.

The game is to be called at 2:30 tomorrow afternoon at the Vernon ball park, and from the interest displayed at the respective studios, it should be a fight all the way through. The Universal team is now tied for first place with the Fox aggregation, while the Metro club is next in the league pennant fight. The standing of the clubs at present:

Universal 2 0 1 1000
 Metro 2 0 1 1000
 Fox 2 0 1 1000
 Goidra 2 0 1 1000
 Runtze 2 0 1 1000

The tentative programme arranged last night by Mayor Snyder and the Executive Committee will cost \$100,000, to be provided by the citizens. The programme, subject to change, is as follows:

Saturday, August 9—Fleet arrives at the harbor. Mayor and Reception Committee board vessels and welcome Secretary Daniels, Admiral Rodman and officers on flagship New Mexico.

ORDERS TO END STRIKE DEFIED.

Phone Committee Refuses to Obey Big Union Chiefs.

Merry Row Splits Ranks of Arbitrators in North.

Los Angeles Union Undecided as to its Action.

[BY A. P. MONTGOMERY.]

SAN FRANCISCO, July 18.—Orders to all striking telephone workers on the Pacific Coast to resume work Monday morning at 8 o'clock were sent tonight by L. C. Grasser, international vice-president of the Electrical Brotherhood and Miss Nellie Johnson, international president of the telephone operators. The Strike Executive Committee here protested against the action of Grasser and Miss Johnson and sent telegrams to their local asking that the order to return be NOT heeded.

Telegrams from Miss Julia O'Connor and J. P. Noonan, international officers of the brotherhood, declaring that plans for the submission of the grievances to the Federal wire control board had been agreed upon at Washington in conferences with Assistant Postmaster-General Koons, were the basis for the action of Grasser and Miss Johnson.

When announcement of the impending order to return to work was made at a meeting of the Strike Committee this afternoon, a division of sentiment was apparent immediately. In the midst of a heated discussion, the meeting was declared adjourned by T. M. Vickers, chairman of the committee, who had acted as Grasser's spokesman.

REORGANIZATION.

Vickers and Miss Johnson left the room. The committee reorganized with R. E. Swain of Los Angeles as chairman and sent a delegation to confer with D. P. Fullerton, who has represented the telephone company in negotiations with the strikers. The delegation was instructed to learn if the telephone company had agreed to abide by the wire control board's decision.

In the committee meeting reported Fullerton as declaring that except for retroactive pay, any decision by the board would be binding on the company only until the expiration of the board's life, on July 31 of this year. The compromise offer of the company to the workers then would prevail, he said.

This offer was as follows:

Operators—Minimum of \$13 a week, and with a maximum of \$19, to be reached after five years' service.

Electricians—A basic wage of \$6 a day, with a readjustment of classifications.

The operators had asked for a maximum of \$24, effective after three years' service, and the electricians demanded a basic wage of \$6.40.

COMMITTEE STATEMENT.

A statement by the Strike Committee tonight declared the committee had not received any word from the International Brotherhood, but believed the order to return to work had been issued by international officers without sufficient investigation to find that the workers' interests had been properly safeguarded.

A telegram was sent by the committee to J. P. Noonan and Miss Julia O'Connor this afternoon asking that they direct Grasser and Miss Johnson to return in harmony with the Strike Committee.

The Strike Committee tonight made plans to have a referendum of local unions on the proposal to return to work.

Pending official word from Vice-President Grasser of the Electrical Workers' Union declaring off at 8 a.m. on Monday the strike of the electrical workers and telephone operators, the local strike committee was undecided as to its action.

The opinion among the strikers was that to disobey the order would cause the local organization to be outlawed, and it was generally believed last night that the local committee might protest, but that would finally obey the order and order its members back to work.

Strike Chairman Shook said last night that, until the order is actually received and considered by the committee, no statement would be given out.

Assuming that before Sunday night the local strikers vote to obey the order and report for work at 8 a.m. on Monday, it is believed that the local telephone company officials would agree to take back the strikers as fast as there are places to be filled. There were more than 1500 operators at work in the ten Los Angeles exchanges yesterday and there is no doubt that the company will stand by the girls who came to the company's help.

The local officials will follow the instructions on this point received from higher officials of the company in San Francisco.

C. F. Mason, local superintendent of the telephone company, said last night that as yet no word had been received from San Francisco confirming the published news that the strike had been declared off by the union officials.

STATE FORMS FISH TRUST TO KEEP THE PRICE UP.

Extraordinary Programme to Kill All Competition Candidly Made Known by Weinstock Exchange Here.

On the ground that "the people will not eat fish when they are cheap" and that open competition, if continued, would eliminate the middleman distributor, the State Fish Exchange, headed by State Market Director Harris Weinstock, yesterday announced the formation of a combine of all Southern California fishing interests for the avowed and candidly stated purposes of eliminating open competition, forestalling the formation of a producers' co-operative distributing agency and preventing low prices to the consumer by cutting off the supply when fish are plentiful.

This extraordinary programme was frankly outlined yesterday to representatives of The Times by State Deputy John Q. Roscoe, in charge of the local office of the exchange at 410 Union League Building. Mr. Roscoe stated that the State Fish Exchange is now consummating this organization, by which the 3500 Southern California fishermen will be brought under bond to sell their entire product through a single individual, at a price to be arbitrarily set in advance of the catch by a board of three—a representative of the fishermen, one of the dealers and one of the Fish Exchange.

TO AVOID CARTWRIGHT ACT.

Mr. Roscoe further stated that to avoid the evoking of the Cartwright anti-trust law against the combine, it will be made possible for any dealer or fisherman who so desires to join it or stay out. But, he adds, with 75 or 80 per cent. of the fishermen under bond to sell through one individual, any dealer who does not care to join will be put out of business, and any fisherman who would try to enter this field and produce sea food at a price less than that set by the combine "would simply be a fool. He would certainly be ruined."

TO SAVE THE DEALERS.

These are the salient points of the State Fish Exchange programme, as outlined by Mr. Roscoe yesterday:

The plan was originated because the fishermen were on the point of cutting out the middleman and selling directly to the consumer in the open market through a co-operative storage and shipping organization.

"The exchange opposes their going that far," he said.

By launching a big, centralized distributing organization of their own the fishermen could do business better than the many comparatively small companies now in the field, yet intervention by the State Fish Exchange will most directly benefit the dealers by preventing their elimination.

Dealers now quote prices before they have bought the fish, and to get business quote at an small figure, "they simply underbid one another on our own product." There is to be no incentive for selling at low prices, because the cost price to the dealer is to be guaranteed and then he will be "permitted" to make only a predetermined margin on the sale.

PRICES NEVER LOW AGAIN.

When the run of fish is large and the consumer might reasonably expect to find the fishermen are to be "discouraged" from catching any fish at all, by deliberately fixing a price so low it will not pay them to ply their trade. This to prevent "waste."

SALAD: NOW: BUT: GUMDROPS: SOON.

Supervisor McClellan is Feasted on Eve of Arctic Expedition.

At Luncheon Yesterday for Supervisor McClellan. Left to right, around the table, are: Supervisor McClellan, A. E. Podmore, Miss May S. West, Miss Genevieve Lawton, A. M. McPherson, Miss Grace A. Wagner, Miss Minnie O. Smalley, Lieut. Neil McClellan, Miss Mame Beatty, Miss Bertha Coyle and Mrs. Pearl Finch.

SUPERVISOR McCLELLAN made what might be called his last formal bow to civilization, yesterday, preparatory to taking up the trail of the expiring caribou, the moose and other denizens of the Alaskan wilderness, for specimens for the Museum of History, Science and Art.

As guests of the women of the Supervisors' department, Mr. McClellan and his son, Lieut. Neil McClellan, who is to accompany him to the land made famous by certain edge-centristies and Dr. Cook's gum drops, sat down, at noon yesterday, to a lunch of meat loaf, salad, deviled eggs, cake, coffee, ice cream and candy, all prepared by the women themselves, and served in a room adjoining the Supervisors' department.

Others who gathered around the festive board were: A. M. McPherson, clerk to the Supervisors; Mrs. Pearl Finch, Miss Genevieve Lawton, Miss Grace A. Wagner, Miss Minnie O. Smalley, Miss Mame Beatty, Miss Bertha Coyle, A. E. Podmore and Miss May S. West.

Supervisor McClellan is a nineteen years' experience in Alaska. His son has roamed the wilds there for three years. Mr. McClellan will leave for Seattle tomorrow night by train and thence by steamer to Cordova.

The expedition will penetrate the wilds as far as the Triangle Range, which is 150 miles from civilization, and will bag moose, caribou, sheep, goats and bears. These will be mounted by a taxidermist. Siwash Indians will probably be engaged to drive in the game and assist in the camp. Pack horses will be used to travel the range.

In the Kinickot Mountains is located one of the richest copper mines in the world. This was located by Mr. McClellan in 1900. At that time he was the head of a party of prospectors. He still holds an interest in the copper company. The expedition will be gone two months.

SMASHED AT ASCOT.

Car of Al Melcher Hits Fence—Owner and Friend in Close Call.

Al Melcher, well-known auto racing driver and Dale Tetstall, 18-year-old son of Teddy Tetstall of this city, narrowly escaped death yesterday afternoon when Melcher's Duesenberg racing car dropped a front wheel while rounding the back straight at the Santa Anita Speedway during a practice lap preparatory for the races to be run tomorrow.

The heavy machine crashed through the inside fence and turned turtle, plowing young Tetstall beneath the car. Melcher was thrown clear from the plunging machine as it tore through the fence. When the wrecked machine was righted it was found that Tetstall was suffering from nothing worse than a bad scare and a few scratches. Melcher escaped with a few bruises from his fall. He later stated that his Duesenberg machine was definitely out of the race for some time and it will be impossible to overhaul it in time for the starting gun.

SHIELDS SISTERS, IS HIMSELF ACCUSED.

A complaint, charging Virgil Leslie, 17, with a statutory offense, was made yesterday at the District Attorney's office.

According to Rubie, 14, and Fern, 12, sisters of the youth, they will be witnesses against their brother. It was said that though the young man fought other boys to protect his sisters, he was himself charged with a serious offense.

DE QUINCEY CRIME ORGY.

His craving for morphine led Norton Shaw to commit sixteen robberies within a fortnight to get money to buy it, according to the man's confession filed yesterday in Justice Hinchshaw's court.

The defendant, who is 21 years old, admitted four robberies with which he is charged, and confessed that he aided in holding up a dozen other persons and that he stole at least a dozen automobiles. He was held to answer to the Superior Court for trial on \$10,000 bail.

Shaw's confession of ten pages, Shaw says, "I simply had to have morphine to get money. I cost me from \$5 to \$10 a day to get morphine, for I have been a victim of the habit for three years. I want to know to get cured, but I came out just as bad as when I went in. It hurted dollars. The court held Shaw on \$10,000 bail.

The youth admitted four charges of robbery. He admits robbing F. Engel and Roy Cadd, separately, on June 26 and T. R. Kammermeyer and Leo Carrillo, separately, on July 6. The loot obtained varied, but amounted to several hundred dollars.

NEW HOLLYWOOD PASTOR.

Prominent War Worker Comes to Congregational Church from Idaho.

One of the active ministerial lights of America during the war was Rev. William Martin, the "fighting pastor" of Boise, Idaho, who during the last few days has been receiving a royal welcome from members of the First Congregational Church of Hollywood, to which church he was recently appointed pastor. Mr. Martin comes to Los Angeles from seven years' pastorate of the Idaho church, during which time he was actively identified with the civic, intellectual and social life of the state capital. He claims California as his home state for when he was a child, he came with his parents to Santa Barbara and lived there until he went north to enter the University of California, from which institution he was graduated in 1910. Following his graduation he attended the Drew Theological Seminary in the East. Mr. Martin first acted as assistant pastor for three years, of the Methodist Church at Oakland, from which charge he was called to the Methodist Church at Alameda, remaining there seven years. His ability as a public speaker placed him in the forefront of war workers and speakers during all the war drives and campaigns. He was one of the twenty-five representatives chosen by John R. Mott to visit French battlefields, where he spent six months in the trenches with the service men. His expenses were defrayed by the Boise Rotary Club of which he is a member. During the recent border trouble he was chaplain of the Second Idaho regiment. Although physically disqualified from joining the ranks, the scoutmaster "fighting person" was attached to him because of his splendid work among the Idaho men and because of his unwillingness to compromise in a case where principle was concerned. Several times the "fighting pastor" has been requested to make the race for State Assemblyman but he declared that he had his own work to do, and declined the honor.

DECREE DENIED

MRS. SEBASTIAN.

Ex-Mayor Wins Case Which He Let go by Default.

"No Proof of Charges," Curt Comment of Court.

Plaintiff Visibly Upset by Divorce Failure.

"There is no proof. The decree is denied."

In this summary fashion Judge Monroe yesterday disposed of the divorce suit of Mrs. Elsie A. Sebastian against former Mayor Charles E. Sebastian, in which she charged desertion, failure to provide and mental suffering. Mrs. Sebastian was visibly upset when denied a decree.

Mrs. Sebastian testified that she and Mr. Sebastian had not lived as husband and wife for nearly a year. For three months of that time they lived in the same house, then, she said, she left. In answer to the court she said she had never asked Mr. Sebastian to resume his place by her side. Later, she said she had misinterpreted the court and declared she had asked him to do so.

"My question was plain enough," commented the court.

The evidence showed that she has been earning her own living for a long time. Mr. Sebastian paid the rent of the house on West Thirtieth street while they were living there, but Mrs. Sebastian said she frequently provided provisions for the table. She complained that Mr. Sebastian chose the room he intended to occupy when they moved into a new house. An aunt and a friend corroborated her statement that she slept on the porch and Mr. Sebastian occupied his room. He did not come to her, she said, and stayed out late at night.

Before hearing the case Judge Monroe sent for the files in Mrs. Sebastian's previous divorce action in which the name of another woman was mentioned and an old scandal revived. This case was dismissed and the suit was denied yesterday.

City Decides to Demolish the Bethlehem Institute.

The City Council yesterday proved the recommendation of Public Welfare Committee that old Bethlehem Institute property Vignes and Ducommun streets, razed, and that the Board of

the world, has set in late years one herself and Southern California. This country justice in furnishing entertainment to our visitors, despite the fact that our flower shows and fiestas of years ago marked the first step toward our municipal progress.

"It is eminently proper that now, when we are on the threshold of a new era, we should have a public advertisement for bids for the remodeling of the building, which has been condemned in connection with the consideration of the matter."

The Council has received an offer from the Congregational Church Extension Society to sell to the city a church property directly adjacent to the old hotel for \$7000. The offer is declined.

TO LAUNCH VESSEL TODAY.

Los Angeles Shipyard Triumphant Over Strike; Picket Case Over.

Preparations were completed at the harbor yards of the Los Angeles Shipbuilding and Dry Dock Company for the launching at 3 o'clock this afternoon of the \$800-ton United States Shipping Board freighter "West Hiram." President Fred L. Baker's daughter, Mrs. Guy C. Boynton, will christen the vessel as the blocks are taken away and the hull starts down the ways. The vessel will be ready to speedily completion and its place on the ways will be taken by another government vessel, the keel of which will be laid at once.

By agreement of the attorneys and on the application of the defendants the injunction suit of the Los Angeles Shipbuilding and Dry Dock Company against the Maritime Trades Union and other labor unions to restrain them from picketing and interfering with the business of the big plant at the harbor was continued by Judge Monroe yesterday until Monday afternoon. The unions asked for time to make their defense.

GARMENT WORKERS' STRIKE.
L.W.W. tendencies, according to employers, have been shown by the members of Ladies' Garment Workers' Union No. 52, the members of which went on strike on June 19 without giving their employers any notice or making any demands. The strike was in direct violation of an agreement between the employers and their workers which does not expire until September. The strike tied up all work in the fifteen shops of the city where women's suits and cloaks are made.

The employers, who are members of the Los Angeles Cloak and Suit Manufacturers' Protective Association, led by Mayor Michaelson in president, laid the matter before Capt. Charles T. Connell, the local federal mediator, but neither he nor A. B. Dale, local American Federation of Labor organizer, were able to secure anything definite from

TWO ENSNARED IN SLAVE NET.

Dentist and One-Time Office Girl are Arrested.

Boston Accusation Results in Their Capture Here.

Man has Wife and Children in Massachusetts City.

Frank Luther Goodspeed, aged 26 years, who has been taking the current examination for a license allowing him to practice dentistry in California, was arrested yesterday by Deputy United States Marshal Canavan, charged with violation of the Mann white slave law. The girl in the case, Miss Pearl Rose, was arrested at the St. Francis apartments, 206 West Tenth street.

The pair were taken before United States Commissioner Long, and the preliminary hearing set for next Friday. The bond in the case of Goodspeed was fixed at \$500, which he promptly furnished. The young woman was released on her own recognizance.

The original complaint upon which the arrests were made was sworn to by Special Agent Keilher, of the Department of Justice, in Boston, Mass. The local complaint was sworn to by Special Agent Leon Bone, of the Department of Justice, in this city. The pair were being fugitives from justice. It is charged that on November 23, 1915, Goodspeed purchased transportation for the girl and himself from Whitman, Mass., to Los Angeles. But they did not come direct to this city, it seems, detouring to Tacoma, Wash., where they remained some time, later on, coming to Los Angeles. It was stated by Special Agent Bone yesterday that they registered as man and wife at the St. Francis apartments and have been so living there ever since. It is also a part of the story that when Goodspeed left Whitman, Mass., he left behind a wife and two children from whom he was separated. It does not appear that Miss Rose was ever married. When in Whitman she was employed as an assistant in the dental office of Goodspeed. The arrangements for the trip to the West were formulated by Goodspeed, and a telegraphic request for a copy of the Boston complaint has been sent for by the Federal authorities.

After the arraignment Miss Rose went before Special Agent Bone and made a clean breast of her part in the transaction, he said yesterday, saying they had been told by an attorney in Massachusetts that if she worked when they came to Los Angeles they could not be arrested for violation of the Mann white slave act. She seemed to feel her position quite acutely and wept bitterly during the recital.

FOR TRIBUTE DAY.
Mayor's Committee Meets and Formulates Celebration Plans.

Mayor Snyder's recently-appointed committee to arrange for a celebration of Woman's Tribute Day met yesterday afternoon in the Council chamber and formed a permanent organization. It was decided to have a celebration about the middle of August, probably with a parade and a programme following at Exposition Park, and to have annual celebrations thereafter.

A programme committee was appointed with Mr. Behrmer as chairman and the other members are Roy Jones, J. Wiseman MacDonald, P. H. Halbritter, D. E. Luther, Seth H. Brown, Cecil B. de Mille, S. R. Flowers, Waite L. Nelson, Capt. H. C. Stone and Col. C. F. Hutchins.

The Finance Committee selected has Boyle Workman as chairman; Jonathan S. Dodge, Joseph Scott, P. H. Halbritter and G. S. Tuttle as the other members.

The Programme Committee, in addition to providing for the celebration in August, proposes to provide for a permanent memorial to the patriotic women, but the plans for this are still very formulative.

VALLEY CITIZENS TALK ANNEXATION.
A large delegation of citizens representing the La Canada and La

Creoscenta valleys and Monte Vista visited Chief Engineer Mulholland's office, yesterday, to confer with officials of the city's public service department regarding the discussed annexation of that territory, and the formation of a district for the issuance of bonds to secure an adequate water supply.

During this conference it developed that there was a sentiment favorable to cutting the Monte Vista and Sunland territory out of the proposed district, and finally arrangements were made for the holding of a public meeting at Monte Vista, Tuesday evening, to discuss the proposed district boundaries.

Harrington Brown is Renamed for Position by President Wilson.

Announcement that President Wilson had sent to the Senate the name of Harrington Brown for confirmation as postmaster at Los Angeles, thus putting an end to the uncertainty that has prevailed during the more than a year elapsing since the nomination of Mr. Brown, first term, was received here yesterday.

Mr. Brown was the recipient of numerous congratulations during the day on the part of friends and well-wishers, who had almost made up their minds that somebody was gumming the cards in Washington.

Postmaster Brown was appointed to succeed W. H. Harrison as postmaster, May 1, 1914, but he did not take the possession of office until July 1 of the year. His first four-year term therefore expired on May, 1918, and he has served more than one year of his second term.

It is not believed that there will be any opposition to his confirmation, although on the question when his name was first sent to the Senate the nomination was objected to by then Senator John D. Works, who

Mrs. Ellala B. Welch was denied a divorce from Arthur L. Welch last April. She complained that he had failed to live up to a set of rules governing his conduct. Mr. Welch, who admitted he had spanked his wife, yesterday filed suit for divorce, charging desertion.

The wife's rules drawn up in her handwriting, were: "Separate rooms or beds; cut out drinking; cut out boon companions; turn over all the money to the wife, who will pay expenses and start bank account; leave wife alone and only touch her with her consent; go to night school with wife; boy to be taught to love both."

Mrs. Welch testified that Mr. Welch had "cut out" drinking, but broke many of the other rules.

He had never heard of Harrington Brown, although at that time Mr. Brown had been a resident of Los Angeles for thirty-six years, and actively allied with the business interests of the city.

"No Olerism goes in this court," said United States District Judge Trippel, yesterday, during the impanelling of the July Federal grand jury, when an asked member of the venire arose to volunteer the information that he was 74 years of age.

Previous to the examination of the prospective members of the jury, the court aroused considerable interest by his statement that the new body would, in all probability, have to investigate a number of cases involving the alleged traitor activities of certain individuals against the government. The drive, it is said, is to be along lines heretofore unsuspected and is veiled in secrecy.

Among those summoned for jury service was Cecil B. de Mille, the motion-picture magnate, who presented an affidavit that his presence for service on the grand jury would mean a loss to him of \$25,000 a day, or was it \$25,000 a minute. He was excused and did not appear for examination.

The following twenty-three members of the venire qualified for service: J. E. Coffin, Russell McD. Taylor, Jay Jacobs, Harry G. Holabird, J. D. Harthorn, W. H. Akin, O. L. Wuerker, Charles P. Grogan, F. H. Pullen, A. M. Goodhue, P. P. Fay, Clifford C. C. Tatum, J. C. Rider, M. L. Bailey, John McPeak, Hubert L. Eaton, Irwin H. Rice, M. C. Bettinger, Arthur A. Appel, O. A. Westfall, A. E. Pomeroy, Charles V. Barton and F. A. Ross.

John McPeak was chosen foreman of the jury, and the body repaired to its consultation for the first business to be presented to the new body. There were no indictments returned during the day.
